SUMMARY

I am a 4th-year student at the Faculty of Artificial Intelligence -->
Kafr El-Sheikh University.

I am highly interested in technology, especially Artificial Intelligence
and technologies related to it.

I am a Python, Flutter, & Front End Developer and I have handled
many projects related to AI, Computer Vision (Image Recognition and
Classification), Deep Learning (RNN & CNN), Data Analysis &
Visualization, Mobile Application Development using Flutter, and
Desktop Application Development using Python GUI libraries.

I aspire to expand digital literacy within my country and teach
children Computer Science & AI, and I seek to integrate Artificial
Intelligence into all aspects of life.

EDUCATION

- January25 Revolution Military Secondary School for Outstanding
  Students, Alexandria, Egypt | 2017 – 2019.
- Student at Faculty of Artificial Intelligence at KFS University in Third
  Year, Kafrelsheikh, Egypt | 2019 – Present.

SKILL HIGHLIGHTS

- Fast Learner
- Collaboration & Teamwork
- Computer and Internet Skills
- Interpersonal Communication Skills
- Creativity & Problem Solving
- Coding and Scripting
- Decision Making
- Time Management
- Ability to Work Under Pressure
- Performance Optimization

Experience

- **Co-Founder & Chief Technology Officer at PES** | 2022 - - Present.

- **Co-Founder & Lead Instructor Of Egypt's Future Initiative**
(to teach programming, artificial intelligence and digital literacy to all age groups**)**
| Ministry of Youth & Sports of Egypt | May 2021 – Present.

Certifications

- Coding Intro,Issued by IBM.
- Artificial Intelligence Intro, Issued by IBM.
- Artificial Intelligence V2,Issued by IBM.
- Huawei HCIA-AI V3.0, Issued by Huawei.
- HCIP-AI Online Self-Learning Course, Issued by Huawei ICT Academy.
- HCIA-IOT Online Self-Learning , Issued by Huawei ICT Academy.
- HCIA-Big data Online Self-Learning, Issued by Huawei ICT Academy.
- The 75th session on Egyptian and Arab national security from, National Defense Collage, Nasser Academy for Military and Strategic Sciences, Cairo, Egypt.

Programming Language & Skills

- **Programming Languages:** PYTHON, DART, SQL, C++, HTML5, CSS.

GUIs → TKinter	Web Scraping → beautifulsoup4 / Selenuim driver
HTTP requetes	SMTP
APIs & REST APIs	Pandas
Flask	Numpy
Jinja	Matplotlib
BOOTSTRAP4	Seaborn
SQl Alchemy	Plotly
Flutter	Version Control
